

Groups Directory 2024 - 2025

Chairman's Letter

Malvern u3a continues to thrive - since last year, 428 new members have joined us, bringing our current membership to 1711, which makes your u3a the largest organisation in Malvern. I am hoping that our presence in Malvern will become more visible in the coming year.

That surge in membership is responsible for a part of the large reserves we have accumulated, but the Special General Meeting [SGM] on 25th June voted to approve a reduction in the membership subscription from £15 to £10 for the coming year 2024-25 and this will begin the process of reducing those reserves.

At the SGM, our Treasurer [Roger Hunt] also indicated that putting some of those reserves to some constructive use in the local community is a further step in that process, and the Trustees are considering how we will be able to support local charitable organisations. It marks the beginning of a shift of emphasis for Malvern u3a to become more outward looking and engaged in our community.

Within our organisation it is not just the number of members that have grown - we now have a total of 110 active groups including some new ones starting in September, so the biggest problem we all face at Groups Fair Day on Monday 2nd September in the Forum at Malvern Theatres is choosing which groups to join.

We hope as many of you as possible will use the various ways of renewing your membership online, leaving more time to spend in the hall with the various group leaders.

June saw what has become an annual event with our Picnic in the Park when musicians from u3a groups gathered on the bandstand in Priory Park to serenade an enthusiastic audience, including quite a few bemused passers-by. The first to perform where the most recently formed group [Wind Group] , joined by the Ukulele, Sing Together and Recorder Groups, rounding off with some fine jazz from Dave and friends.

Next year it will be 30 years since Malvern u3a was founded by those farsighted individuals. From an initial interest of 150 potential members to over 1700 members today, Malvern u3a has grown to be one of the largest in the country with a vibrant mix of interest groups and we hope to celebrate all that this means with a major social event. Watch this space!

Groups Coordinator Notice

In the following pages, you will find a list of all the groups presently operating. New groups do form through the year - we have four new groups starting in September 2024. Please check the website, read our monthly bulletins for the latest information.

Without group leaders, our u3a simply wouldn't exist. If you would like to help out with running an existing group or setting up a new group, do chat with any leader or get in touch with any of the trustees using the details at the back of this booklet.

Membership

We continue to make progress in our membership costs and payment systems and there is good news below!

As usual, our new year starts on 1st September when subscriptions for u3a year 2024/25 will become due. We are delighted to say that we are able to reduce our annual subscription to £10.00 which can be renewed from 1st August.

Now that our fully digital subscription system is established, you can continue to pay online with your debit/credit card. For the coming year, we have added the ability to pay by bank transfer. As you know, these secure ways of paying are no different from buying anything online. To renew, please go to the membership system on our website: <https://members.malvernu3a.org.uk/> and follow the instructions.

For those members who do not have access to email, you will be contacted separately by "snail" mail.

On renewal, you will automatically receive your 2024/25 membership card by email, which you can print off at home. It will no longer be essential to have a card, as your payment status will be fully recorded in our membership database, however, there will be a facility on the website should you forget or mislay it.

Gift Aid. If you are a taxpayer and eligible for Gift Aid, consenting to this when you are renewing online or by form will provide Malvern u3a with additional income.

If you are not renewing your membership, it would help us keep our records up to date if you could let us know. You will be missed.

Last but not least, best wishes to you for your coming year with u3a.

Wendy Mondy
Membership Secretary

Discussion & Philosophy

ECONOMICS DISCUSSION (ECON1)

on the 1st Tuesday

Malvern Cube Community Centre

13.45-16.00

Economics is a very important but little understood subject that governs all our lives. We are a group of enthusiasts with varying degrees of expertise who come together once a month to air opinions and discuss issues relating to economics. The structure is fairly informal but currently we are working our way through a book which serves to provide one of the topics for each session.
